Quiet, light-filled, spacious just re carpeted two-bedroom apartment in a small building in Bellevue Hill. A leafy and unrestricted outlook across the valley to Woollahra from large protected balcony provides a haven for a quiet coffee on a weekend morning.

The large sitting room is well able to accommodate a suite of comfortable sofas and a generous set of dining room table and chairs. The traditional bathroom offers a shower and separate bath, and the added bonus of a separate loo.

Both bedrooms get plenty of light and each has access to a long view & have built-ins.
